

Our Services

Harbour Hearing offers a range of hearing health services across three clinics. This guide summarises each service, how long it takes and who it suits.

Comprehensive hearing assessment

A 45-minute test covering pure-tone audiometry, speech testing and a middle-ear check. Suitable for adults and children over 7. You receive a written report and an audiogram.

Hearing aid fitting

A 60-minute appointment to fit and program your hearing aids. A follow-up check is booked two weeks after fitting at no extra charge.

Hearing aid repairs and servicing

Drop-in servicing takes about 20 minutes. Repairs sent to the manufacturer take 7 to 10 business days.

Custom earplugs

Custom-moulded earplugs for music, swimming or noise protection. Moulds are taken in a 30-minute appointment and earplugs are ready in 10 business days.

Summary table

Service	Duration	Suitable for
Comprehensive hearing assessment	45 minutes	Adults and children over 7
Hearing aid fitting	60 minutes	Existing patients with a prescription
Servicing (drop-in)	20 minutes	All hearing aid wearers
Custom earplug moulds	30 minutes	Musicians, swimmers, noise exposure

Appointments are subject to availability. See the Cancellation Policy for notice requirements.
